C6 troponin T at diagnosis
C4 mean time to diagnosis
C1 onset 75th pct, monotherapy
C5 time to positive, myocarditis
C1 onset median, combination
C6 rise without myocarditis
C4 raised baseline
C2 ratio of incidences
C5 myocarditis among positives
C1 ratio of medians
C1 onset 75th pct, combination
C5 positive, any cause
C1 onset 25th pct, monotherapy
C4 myocarditis among elevations
C4 myocarditis
C1 onset 25th pct, combination
C5 time to positive 75th pct
C6 size of background rises
C3 damage
C3 median time
C5 time to positive median
C1 onset median, monotherapy
C5 time to positive 25th pct
C4 found by troponin first (lower bound)
C2 incidence, monotherapy (lower bound)
C2 incidence, combination (lower bound)
